

Tips for a Good Video Audition

1. We accept a wide range of performances but there is limited space on the stage. Performances may include singing, playing an instrument, or any other talent. Please remember all props and other needed materials must be able to be carried on/off stage by the performer. Please note: It's necessary to limit the type of performances because of the small stage space available at the event. We will accept submissions from groups; however, all members of the group must qualify under the Rules and Regulations.
2. Video presentation. Start your video with a brief introduction with your name, city and state. Make sure we can see you and hear you clearly in the video. Keep it simple - we will accept copies of professionally-taped performances but we will also accept auditions from your living room or home office. Videos should not exceed more than five minutes in length.

MDRT's Got Talent Video Submission Guidelines

Original Content: Your video must be original, must not have been published, broadcast, or otherwise publicly distributed previously, and must not infringe on any third-party rights. Video submissions should be first uploaded to YouTube and set to the "unlisted" setting. An "unlisted video" means that only people who know the link to the video can view it. An unlisted video will not appear in any of YouTube's public spaces (such as search results, your channel, or the Brose page). For a brief tutorial on how to upload a video to YouTube and set it as "unlisted", click here:

http://www.youtube.com/watch?v=4ZLSw_esa00.

Once you have uploaded your video to YouTube, fill out the [online entry form](#), where you will provide your contact information and your **unlisted YouTube URL**.

All entries must be received no later than **Saturday, March 1, 2014**.
