Please note: Applicants may not combine production credit from the methods above to attain the minimum requirement. Applicants will be approved only under one method.

The 2022 production requirements for applicants outside the United States are expressed in local currency in the tables at the end of this document. All commission, premium or income credit reported must be converted to U.S. dollars using the MDRT conversion factor listed at the end of this document.

III. REPORTING

1. Verifying Production

- Commission And Premium Verification**

First-time applicants must apply using **ONLY** the commission or premium methods and supply a certifying letter(s) with third party verification. Those applying for Qualifying membership (years two through 10) may submit the customary certifying letters with third party verification for commission or premium or submit a self-signed certifying letter and attach supporting documents for the income qualification method as outlined above. Certifying letters may be completed by a representative of the company/broker dealer/brokerage agency, a Certified Public Accountant (or equivalent), or a representative of the applicant's personal agency/corporation or office.

- Income Verification**

Verification of eligible production under the income qualification method will be accomplished via a certifying letter signed by the applicant. All applications submitted under the income method are subject to a random production verification audit at a later date. If selected, the individual will need to supply supporting documents, such as commission statements, that verify the amounts claimed. Other acceptable supporting documents would be a statement of income signed by a representative of the company/broker dealer/brokerage agency, a Certified Public Accountant (or equivalent), or a representative of the applicant's personal agency/corporation/office. Tax documents may also be used.

- **Simplified Reporting for Qualifying & Life and Life Members**
Once eligibility for Life status has been attained, members who have achieved Qualifying and Life or Life status are eligible to submit an application each year, including certifying letter(s) demonstrating qualifying production or by attesting to having met current minimum production levels, and by paying the required dues. Proof of production (i.e. certifying letters or commission/income documents) will not be required beginning in the eleventh year. Applicants for Life status will declare that they did not meet the production requirement, but still wish to continue their MDRT membership.

2. Court of the Table

- Applicants must continue to submit proof of production via certifying letter(s) until achieving 10 years of membership at the higher level. They may declare their eligibility without certifying letters or income documents when applying for the eleventh year of membership at Court of the Table level.

3. Top of the Table

- Applicants must continue to submit proof of production via certifying letter(s) until achieving 10 years of membership at the higher level. They may declare their eligibility without certifying letters or income documents when applying for the eleventh year of membership at Top of the Table level.

4. Application Forms

- Applications for 2022 MDRT membership will be available on November 1, 2021. Applicants may complete an online application or download a paper application at www.mdrtd.org. A paper application may also be requested by phone, fax or email at memberrelations@mdrt.org.

5. Certifying Letters

- A certifying letter **signed by an official** from the company an applicant is using for MDRT qualification is required when applying under the commission or premium method. Otherwise, the application will be considered incomplete and membership may be denied. **These companies may include** life insurance companies, agencies, brokerage companies, broker/dealers, banks or mutual fund companies. Also acceptable would be a certifying letter completed by a representative of the company/broker dealer/brokerage agency, a Certified Public Accountant (or equivalent), or a representative of the applicant's personal agency/corporation or office.
- A Certified Public Accountant (CPA) or the equivalent may sign certifying letters for financial planning fees/fees for advice that are paid directly to the producer when applying under the commission or premium method.
- Brokerage companies are defined as third party wholesalers of insurance and investment products that are provided to agents on behalf of insurance and investment companies. Should an applicant be an official of a brokerage company, the product provider who pays the commissions must sign the certifying letter unless applying under the income qualification method.

- Income certifying letters are self-reported, signed by the applicant. If selected for a production verification audit, the individual will need to supply supporting documents to verify the amounts claimed, such as:
 - commission statements
 - a statement of income signed by a representative of the company/broker dealer/ brokerage agency, a Certified Public Accountant (or equivalent), or a representative of the applicant's personal agency/corporation/office
 - Tax documents

Individuals with at least 15 years of qualifying membership (qualification by production) shall be designated as members of the "Honor Roll."

6. **Disability Waiver**

A disability petition form and doctor's statement must be submitted by March 1, 2022, with the membership application. Each petition will be judged on its own merit. Those approved for the disability waiver are not required to be members of a professional association.

7. **Former Life Member Options**

- Former Life and Qualifying & Life members who wish to rejoin MDRT have two options:
- **Option One:** They may choose not to pay back dues for the years missed and submit the current minimum production and current membership dues with their application. Their member status will revert to Qualifying and they must again fulfill the requirements to attain Life or Qualifying & Life status, which includes accumulating an additional 9 years of Qualifying membership.
- **Option Two:** They may retain Life or Qualifying & Life member status by paying back dues for the number of years missed, not to exceed a maximum of five years, and by meeting the then current requirements for Life membership. The maximum number of years for which back dues may be required will be reduced to three years if the member submits qualifying production for the current year. The amount of back dues will be based upon the current dues at the time of reinstatement. *Please note: Payment of back dues does not provide credit for member year(s) missed.*

V. CLARIFICATIONS

1. **Eligible Commissions, Fees**

Production credit (for commissions) will be based on eligible commissions received during 2021. Credit may include either earned or advanced (annualized) commissions or both. Advanced (annualized) or earned commissions must be paid to the applicant in 2021 to be eligible for MDRT credit. Please note:

- Commissions paid on a levelized basis may be reported using the present value of up to the first five years' commission discounted at 10 percent per year, not to exceed 55 percent of first-year premium.
- Annualized commissions may be reported for credit if paid, but any chargeback of annualized commissions in a subsequent production year will result in a reduction of that year's production credit.
- If commissions are paid as earned, a policy effective in 2020 may result in production credit for 2021. The policy must be in force on December 31, 2020 but is not required to be in force as of December 31, 2021.
- Commission credit for pensions is based on the product used to fund the pension (life insurance, annuities, mutual funds, etc.) which determines whether it receives Risk-Protection or Other Products credit.
- Commissions that are part of a deferred compensation program may be claimed up front for MDRT credit, provided that they are not claimed again in later years.
- Life insurance policies that exceed the annual premium or target premium are eligible for credit. First year commission credit may be given Risk-Protection category for the commission paid on the amount up to the annual/target premium. If the annual/target premium is exceeded, (sometimes referred to as a "top up") commission credit may be given in the Risk-Protection category for the commission paid on the amount that exceeded the annual/target premium.
- Override commissions, training allowances, bonuses and other sales or expense allowances do not qualify under the commission/premium method.
- Fees paid for the placement of a product are eligible for credit toward the commission requirement, as are asset management fees for mutual funds and wrap/asset management accounts. The type of product placed determines the type of credit the product receives (Risk-Protection or Other).
- Financial Planning Fees/Fees for Advice are eligible for Other Products credit for the net fee paid to the agent/advisor. Fees must be documented by certifying letter signed by a company official, a broker dealer official, or a Certified Public Accountant (or equivalent) for qualifying members.
- Group health insurance commissions are eligible in the first year of the policy only. Additions to the group policy in subsequent years are not eligible for credit.
- Single premium and/or short-term endowment commissions are only eligible in the first year of the policy. Short-term endowment riders (max 15 years) to life insurance policies are eligible for 100 percent of first-year commissions in the Risk-Protection category.
- Long-term endowment commissions are only eligible in the first year of the policy. Long-term endowment riders (16 or more years) to life insurance policies are eligible for 100 percent of first-year commissions in the Risk-Protection category.

2. Eligible Premium

Production credit (for premium) will be based on eligible premium paid or new money invested during 2021. Please note:

- If commissions are paid as earned, premium credit should be given only for the amount of premium actually received during the production year.
- If commissions are annualized, the premium credit should also be annualized. Any chargeback of annualized commissions should also result in a reduction of that year's premium credit.
- A policy that becomes effective in 2020 may result in production credit for the amount of premium paid or new money invested during 2021.
- Life insurance policies that exceed the annual premium or target premium are eligible for credit. First year premium credit may be given in the Risk-Protection category up to the amount of the annual/target premium. If the annual/target premium is exceeded, (sometimes referred to as a "top up") premium credit may be given in the Risk-Protection category for 6 percent of the amount that exceeded the annual/target premium.
- Financial Planning Fees/Fees for Advice are eligible for Other Products credit for the gross fee paid to the company, broker dealer or individual agent/advisor. Fees must be documented by certifying letter signed by a company official, a broker dealer official, or a Certified Public Accountant (or equivalent) for qualifying members.
- Group health insurance premium is eligible for credit in the first year of the policy only. Additions to the group policy in subsequent years are not eligible for credit.
- Single premium and/or short-term endowment premium is only eligible in the first year of the policy. Short-term endowment riders (max 15 years) to life insurance policies are eligible for 6 percent of first year premium credit.
- Long-term endowment premium is only eligible in the first year of the policy. Long-term endowment riders (16 or more years) to life insurance policies are eligible for 100 percent of first-year premium credit in the Risk-Protection category.
- Premium credit for pensions is based on the product used to fund the pension (life insurance, annuities, mutual funds, etc.) which determines whether it receives Risk-Protection or Other Products credit.

3. Eligible Income

Production credit is based on annual gross income paid during 2021. Please note:

- See chart on page 4 for eligible products.
- Under this model, income is defined as first-year, trail and renewal commissions, as well as fees for product placement, asset management fees and fees for advice.
- Other production-based compensation, such as salaries and production-based bonuses, are also eligible for credit.
- Income contributed as part of a deferred compensation plan is eligible for credit. Credit should be taken during the production year when the deferred income was earned.
- Override commissions are eligible only for personal production.

- Income considered **INELIGIBLE** for MDRT credit includes:
 - Training bonuses/allowances
 - Sales/expense allowances
 - Overrides derived from the production of others.
 - Non-cash compensation, such as incentive trips
 - Income from property and casualty insurance and general insurance (fire, home, auto, etc.)
 - Income from the sale of mortgages.
 - Life settlements
 - Money market accounts

4. Credit for Coverage Written on the Applicant, Spouse or Dependents

- Any business written on the applicant, applicant's spouse or dependents may not exceed a **maximum** of 5 percent of the current year's MDRT production requirement (USD 3,300 eligible commissions or USD 6,600 of eligible premium or USD 5,700 of eligible income) if any of the premiums are paid, directly or indirectly, by the applicant or spouse.

5. Replacements

- Credit for individual life insurance policies may be claimed only for the amount of first-year commissions or premium on the new policy that exceeds the first-year commissions or premium for the policy being replaced. If the amount is not known, then the amount of commissions being replaced shall be calculated by multiplying the current commission times the appropriate premium for the policy being replaced. Premium credit can be determined by subtracting the replaced premium from the new premium.
- Conversion of a permanent product to a permanent product is to be treated as a replacement for MDRT purposes. This applies only to replacement of individual life insurance policies.

6. Definitions And Interpretations

• **Business Paid for and Underwritten**

Business to be credited shall be paid for during the MDRT qualification period (January 1 through December 31). Business shall be considered to have been paid for as of the date when the coverage first became fully effective with home office approval from the standpoint of payment of the claim (regardless of company practice or the distance between home and field office). However, no credit shall be allowed until the home office has finally accepted the premium and also until the first-year commissions have been paid or credited to the agent's account without any right reserved to the insurance company to recover same, except in case of recall under the contestable provisions of the contract. On joint, partnership, corporate and/or brokerage business, MDRT credit shall be given for only that portion of the business on which the applicant has been compensated, either by first-year commission or the equivalent.

• **Health Insurance**

Includes policies that relate to the health of the body. Dental, vision, etc., are eligible for credit. See page 4 for specifics.

6. Definitions and Interpretations (Cont'd)

• Policy and Case Definitions

A policy shall be defined as an individual contract covering one or more lives as contrasted with a group policy, a pension, profit sharing trust or a salary savings plan. Under a qualified pension or profit sharing trust or a salary savings plan, each individual policy shall count as one (1) policy for the purpose of computing total eligible policies. For purposes of production, an employer-sponsored group life plan, franchise life plan and group annuity plan and mutual fund transaction with one (1) investor shall be considered one (1) case regardless of the number of lives or funds involved.

• In Force Requirement

Credited business shall include only business which has not been terminated on or before the last day of the MDRT qualification period (December 31) except for business terminated by death or term conversion.

• Securities

Includes stocks, bonds or other equities. See page 4 for specifics.

VI. ILLUSTRATIONS

Clarification of Risk-Protection and Other Products Credit

- At least one-half (50 percent) of the production requirement must come from products listed in the Risk-Protection category. (See section I, 4)
- This serves as a threshold that must be crossed before an applicant can use any credit from the Other Products category.
- Once crossing the threshold, applicants may use **all** of the credits from Other Products category to meet the MDRT requirement.
- The 2022 commission requirement is USD 66,000. To qualify, the applicant must submit a minimum of USD 33,000 in commission from products listed in the Risk-Protection category.

Example 1 – Eligible for MDRT membership

| | |
|---------------------------------|----------------|
| Applicant total Risk-Protection | 33,000 |
| Applicant total Other Products | <u>100,000</u> |
| Total MDRT commission credit | 133,000 |

Example 2 – NOT eligible for MDRT membership

| | |
|---------------------------------|----------------|
| Applicant total Risk-Protection | 32,999 |
| Applicant total Other Products | <u>100,000</u> |
| Total MDRT commission credit | 32,999 |

Please note:

The 50 percent threshold applies regardless of whether commission or premium is used to qualify for membership.

Clarification of Income Qualification

- A minimum of USD 114,000 in annual gross income from the sale of insurance and financial products is required.
- A minimum of USD 33,000 must be income from new business generated during the production year. Further, a minimum of USD 33,000 must be derived from income associated with Risk-Protection Products.
- It is possible that the same business, for example the sale of new life insurance policies, could satisfy both requirements. (See Example 2 below.)

ELIGIBLE for MDRT membership

Example 1

| | |
|--|---------|
| Applicant annual gross income | 114,000 |
| Applicant total new business | 33,000 |

Example 2

| | |
